School Policy on Dogs

During lockdown, due to the small numbers of both parents and children on site, we did on occasion allow parents to bring their dogs onto site if they were carried.

Now the school is fully open, we are seeing an increasing number of parents bringing dogs onto the school premises.

Our Health & Safety Policy does state no dogs allowed on the premises. Therefore please do not bring your dog on to the school grounds in order to minimise the risk of injury to staff and children. Thank you for your co-operation.

Easter

The last day of spring term will be Wednesday 31st March. On this day we are organising some fun activities for the children in the forest and in class. Children may come into school in mufti but should ensure they bring a pair of wellies or old trainers, which are suitable for the forest. We will start and finish at our usual staggered times on this day.

Parents Evening Consultation

Due to the school partial closure and the current situation with national lockdown, we have been unable to hold parent consultation meetings this term. We are proposing to hold them in the first half of the summer term, however, these meetings will not be able to take place face to face.

We will send out further information nearer the time.

Attendance

Attendance at school is extremely important.

We continue to encourage families not to take their children out of school during term time for any reason. Please ensure medical and dental appointments are arranged where possible during school holidays or after school. Family holidays will continue not be authorised during term time.

Parent Consultation Questionnaire

The parent consultation for academisation with the TCT Trust will end on 19th April.

In order to have your say, you must ensure that you complete the survey either online by [clicking on this link](#) or by completing the hard copy attached before this date.
