

# Kenley Weekly News

## 19th May 2023

### Bikeability

This week, Years 5 & 6 have participated in a Bikeability course, which seeks to improve their awareness on the road. The activities were tailored to develop children's basic skills to advanced journeys, giving them a life skill they will never forget.

They have been spotted cycling up and down the roads and they ventured as far as Kenley and Whyteleafe train stations.

For the first time, Year 2 were invited to participate in developing slow speed control and confidence in riding their bike. It was a pleasure to see one child in particular riding their bike independently for the very first time!

### Netball Finals

After winning their league, our netball team played in the Croydon Finals. Ten netball teams from the Croydon borough took part. Kenley played four games, losing their first to Croydon High which affected their morale. However, their mentality quickly changed, making them ready and positive for their next game! They played with all their hearts and passion, with some really good play at times, securing fourth place.

Well done to all of the girls! Kenley is very proud of their fantastic achievement.

## School Dinners

Whilst we appreciate everybody has busy lives, please ensure that school dinners are pre-ordered by every Thursday at the latest. This is to ensure that the school kitchen are able to order the correct quantities of food for the following week.

Dinners can be ordered up to a term in advance, so ordering termly or half-termly will ensure your child has their preferred option and the kitchen has accurate numbers. We appreciate your support, thank you.

## Cross Country

Cross Country Club is open to new members from Years 2-6 during the summer term. The club takes place on Friday morning from 8.00 am until 8.45 am. Should your child be interested in joining, please ask them to collect a letter from the school office.

Next week, children will be learning about the benefits of regular cardiovascular exercise. Running before school is a great start to the day and is proven to support mental health, physical health and learning.
