SATS Week

A huge well done to all of the Year 6 pupils who took their SATS last week—everyone at Kenley is incredibly proud of them all. SATs week is an important week for everyone and the children worked really hard towards it. We would like to thank parents and staff for their support.

As a reward, the children (and staff) celebrated on Friday with some fun activities, including: a water fight, rounders and the day was finished by watching a movie. The weather was glorious and a fun day was had by all; please see our photos overleaf.

We need your help to raise funds for an important cause at Kenley Primary School, which aims to benefit all children. Each year we hold a Summer Fair with a raffle prize draw. The Fair this year will be held on 15th July 2022. We would be so grateful if you could please spare a monetary donation, raffle prize or discount to support our school.

Our motto is "A love of Learning for Life"

We are looking to raise money to support the education of all our children by improving our outdoor learning provision, with a specific focus on developing children's well-being and awareness of important issues around the environment. It is more important than ever that children get opportunities to be outside and explore their natural surroundings.

Our aim is to develop children's relationship with the outdoor environment whilst also raising awareness of environmental sustainability, thereby creating a brighter future for all our children.

We would be extremely grateful if all donations and prizes could be sent to Kenley Primary School, New Barn Lane, Whyteleafe, Surrey, CR3 0EX – Contact details office@kenleyprimary.org.uk – 020 8660 7501.

'The efforts of one person can't move mountains. It is the strength of us all working together that makes a change'.

Y5 & Y6 School Journey

Year 5 & Year 6 will start their school journey to the Isle of Wight on Monday. They have a fun packed itinerary planned, which is full of activities and challenges, including archery, team building and many more.

Y5 & Y6 Activities Week

The children who are not taking part in school journey will be having just as much fun at school, with a fun packed week of activities, including a trip to the cinema.

Warm Weather

As the weather gets warmer, please ensure your child comes to school with a hat and sun cream, which should be applied in the morning before the children come to school. Children may bring a small bottle of sun cream in their bags, but they must apply this themselves as staff are unable to apply it for them.

Children should also have a water bottle with them every day.
