

Friday 20th September 2024

Dear parents/carers

INSET Day: 18th October 2024

In order that the school can accelerate the implementation of ongoing school improvement actions and priorities, it has been agreed with the local governing body that a full day of professional development training for all staff is appropriate to take place at the end of this half term.

This will be an In-Service Training (INSET) Day, when the school will be closed to all children. on Friday 18th October – this means that Thursday 17th October will be the last day of this half term, with children returning to school on Monday 4th November.

I know that this may impact some families, and therefore write to provide as much notice as possible, in order that you can make necessary arrangements for this day.

Training for staff will focus on ensuring effective adaptations meet the needs of all our children, including those with special educational needs, and help all to make good progress and reach their full potential socially, personally and academically. This training opportunity is an essential part of the work we are doing to develop staff knowledge and confidence which will, in turn, ultimately enhance the learning experience for all our children throughout the school, now and in the years to come.

Should you wish to discuss any implications for your family, please contact the School Office.

Thank you for your continued support for our school and its dedicated staff team.

Kind regards

Mrs Jacki Keogh
Head of School

Executive Principal: Mr Andy Crofts, BA (Hons), PGCE, NPQH, NPQEL
Head of School: Mrs Jacki Keogh, BA (Hons), PGCE
