

Kenley Primary School sports premium 2021/2022

Sports and leading an active lifestyle have always been part of our ethos at Kenley. We encourage pupils to participate in a wide range of sporting activities both within the curriculum and as part of our extra-curriculum programme. We have a qualified sports coach taking each class on a weekly basis in addition to this all classes are timetabled for a PE session with their class teacher. Pupils are also encouraged and given the opportunity to be active through their participation in our extensive Forest School programme.

The Physical Environment

We are lucky to have excellent outdoor facilities at Kenley, which include a large playing field, a Key Stage 1 and Key Stage 2 playground. Both playgrounds have areas with play equipment, which are used by all the children during playtime, lunchtime and, for the infants, as part of their physical development. There is an outdoor Gym for use by our Key Stage 2 pupils. In addition, we have a large wooded area which is used by all year groups for Forest School sessions, this includes a new school pond which is used for outdoor learning across all areas of the curriculum. The forest school is used on a weekly basis by all pupils in Years 1, 2 and 3, other year groups have sessions throughout the academic year. Inside we have a sports hall, which is used by all classes for dance, gym, and other fitness related activities.

How have we been spending the money?

The children have access to our outdoor gym and circuit training area, as well as basketball and netball courts, a football pitch including goals, playground markings to encourage dance along with a table tennis table these are all on the KS2 playground. In Key Stage 1 we have outdoor climbing equipment to encourage active play along with the provision of play equipment and playground marking to encourage playground games.

We have installed an orienteering course and enter our more able and talented pupils into local orienteering competitions.

To support teaching staff in both our indoor and outdoor provision we use the Val Sabin Scheme for dance, gym and outdoor games for both Key Stages and have a professional sports coach to deliver PE sessions.

Provision for 2021/2022

Qualified coach who works with every class from reception to year 6.

Forest School – Now we have a trained an additional member of staff in forest school, this enables us to share and develop the staff team and extend the range of opportunities and experiences for the pupils. We have achieved the Gold Award from the Woodland Trust for our work in outdoor learning and support of the environment.

Swimming for Year 4 pupils - Swimming is an important part of the curriculum. Pupils are able to improve their swimming ability in differentiated groups in a controlled and safe environment. All pupils will swim for 3 terms on a weekly basis - pupils will be able to develop their water skills to improve confidence with the aim that all pupils are able to swim at least 25m by the end of year 4 and are able to perform basic lifesaving skills in line

with the National Curriculum. Swimming is an extremely fun activity, which the pupils enjoy and provides many social and health benefits.

We have increased our provision for after school sporting activities and currently have clubs running in: Football, Netball, Tennis, Cross Country and Korfball.

We have a range of sports clubs including tennis club, football coaching and a netball club and we enter children into local events including cross country running, athletics and Korfball.

We have developed our sports day to include a wider range of activities to encourage pupil participation in a range of athletic events and introduced heptathlon events in our PE lessons.

We have an external coach running Empowerment sessions to support the development of sports skills, teamwork, and leadership. The Empowerment group is a 10-week programme of 45-minute sessions with a new group of pupils taking part each term.

Our aim is that all children will have plenty of opportunities to participate in a broader range of activities than before.

We have developed our outdoor learning area for our Key Stage 1 pupils.

Future priorities

To continue to participate in local sporting events.

Train young people to be able to organise inter house competitions for younger pupils.

Introduction of Forest school awards.

The Sports Premium Funding for Kenley for 2021/2022 £17,510
